

SUNNY BOY 700U

SB 700U 150 VDC / SB 700U 200 VDC / SB 700U 250 VDC

- 10 year standard warranty
- Rugged stainless steel enclosure
- Exceptional reliability and energy capture ratio

- Easy-to-install three-point mounting system
- Comprehensive communications and data collection options

- Modular string inverter design is easily expandable
- Certified to UL 1741/IEEE-1547

SUNNY BOY 700U

The versatile choice for any system configuration

The SMA Sunny Boy 700U was SMA's first mass-produced string inverter and it continues to enjoy immense popularity in today's solar market. Its compact size and economical price make it ideal for starter or demonstration systems. It is also perfectly suited for adding a bit more power to an existing solar system. Its modular design makes expansion to almost any size system easy. Three different configurable input voltage ranges make the Sunny Boy 700U a versatile choice, whatever your system configuration.
